Product Benefits

Protection from Invaders

SecuraView™ is a full fledged security product, designed to keep intruders out of your home!

No more bugs!

Who wants creepy critters setting up shop in their home? SecuraView™ offers a solid line of defense against these unwanted house guests.

Increased Ventilation

Wizard products provide complete total top to bottom air ventilation through your door or window without having the irritation of unwanted pests, insects and debris in your home.

Pet Proof

SecuraView™ is the only pet proof screen door in the world. No cat or dog will ever break through one. Heck even your pet bear doesn't stand a chance.

UV Reduction

SecuraView™ puts a layer of protection between you and the sun's harmful UV rays. This keeps you safe and helps prevent unwanted fading to your home.

Appealing Design

SecuraView™ has been designed to look amazing while open or closed. You want a product that looks as great as your home does and we are more than happy to provide that.

INTRUDERS GET THE CUT

HIGH TENSILE MARINE GRADE

SecuraView™ security screens are built with a high tensile marine grade steel mesh that can't be slashed. It also withstands even the most intense of impacts. Unique technology securely locks the screen edges into the heavy duty frame of the SecuraView™ door.

SLEEP LIKE A BABY

FRESH AIR AT ALL TIMES

You can truly rest assured that you and your family are safe behind SecuraView™ security screens. The health benefits of fresh air circulating through your home are numerous. You'll also save on your energy bill by turning the AC off. With SecuraView™ you can even leave your doors and windows open as you sleep!

SECURE FRAME OF MIND

WE WANT TO BE IGNORED

Underneath SecuraViews™ beautiful powder coated finish hides an extremely tough heavy duty extruded aluminum frame. We wanted a product that would keep you secure while adding to the over all aesthetic appeal of your home. SecuraView™ is for the discerning customer who wants security without having to use those ugly bars and grilles.

Warranty and Maintenance Guide

SecuraView Security Screen

Revised Nov 2013

WARRANTY

Wizard Industries Inc. offers a limited **10 year warranty** on all components excluding hardware to the original purchaser of the SecuraView from the date of installation.

Wizard industries Inc offers a limited **1 year warranty** from the date of installation on all hardware such as hinges, door closers, locks and wheels.

This warranty is non-transferable and will remain intact for the original purchaser provided the product was installed by an Authorized Dealer and/or factory trained installer and has not been moved or altered in any way.

Wizard warrants the components shall be free of defects in materials and workmanship. "Defects" are defined in this warranty as imperfections that impact on the utility of the product.

Defective components will be replaced free of charge for up to one year from the date of installation. After one year, Wizard will provide replacement components at no charge, but a service installation charge will apply.

The Limited Warranty does not include components that have been damaged by misuse, abuse, unauthorized repair or modification of the screen; normal weathering, fading, scratching, airborne or applied corrosive contaminants, acts of God or other causes beyond the control of Wizard Industries Inc.

If a component is defective, please contact your local authorized Wizard Retractable Screen dealer for service. Please retain your invoice as proof of purchase. Proof of purchase is required when submitting a warranty claim.

Maintenance

Airborne dust, dirt, and impurities can accumulate over time in the mesh causing visual defects to your WIZARD INDUSTRIES INC. doors and screens. In order to prevent this, and ensure enduring quality and extended product lifespan, we recommend the following care be taken with all WIZARD INDUSTRIES INC. products:

1. Every month wash down the mesh and frame using a soft cloth, mild soap or detergent and water, taking care to remove any excess moisture or water when done.
2. Avoid using any sharp objects or materials with your WIZARD INDUSTRIES INC. screens and doors to prevent visual defects.
3. The recommended maintenance and cleaning intervals provided are for general guidance only.
4. In areas of harsh environmental conditions such as beachfront or industrial areas cleaning should be done more regularly – up to once per week in areas where the screens and doors are exposed to salt-water or other highly corrosive agents.
